HISTORY

Furniture Factory Blest™ was founded in 1999.

From the beginning of its activity, the work of the whole team was based on fundamental inner values: achieving maximum quality in every detail, creating a unique design, manufacturability and high standards of social responsibility.

OWNER OF BLEST

The high level of quality and uniqueness of Italian design is the DNA of the BLEST brand.

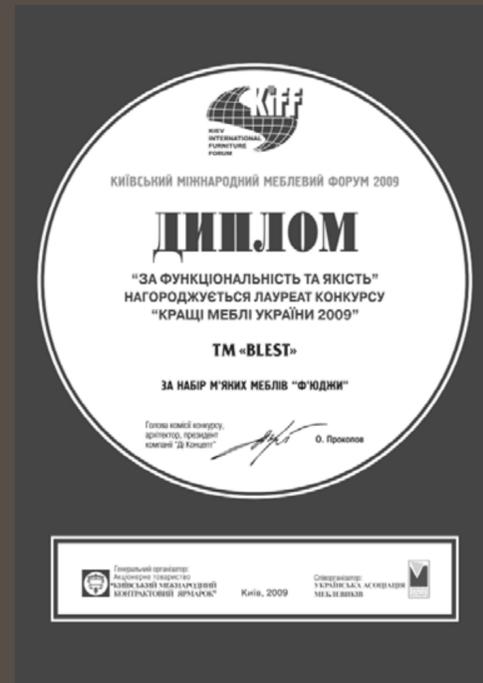

Many years ago, we chose this vector of development of our furniture and continue to carry these values in the future.

Serhiy Savchenko

owner of Blest Company

AWARDS

EXHIBITIONS

The high quality of products is confirmed by numerous diplomas and awards of «Kiev International Furniture Forum»

In 2015 and 2017 Blest™ company took part in one of the largest International furniture exhibition Imm Cologne (Cologne, Germany).

The world's leading manufacturers of furniture and home furnishing in this exhibition demonstrate innovation in design and manufacturing, as well as the trends in furniture sector.

In general Blest™ has participated in exhibitions in countries such as Germany, Poland, USA, Canada, Slovakia, Czech Republic.

TODAY

Blest™ is one of the largest manufacturers and one of the most popular brands of upholstered furniture in Ukraine.

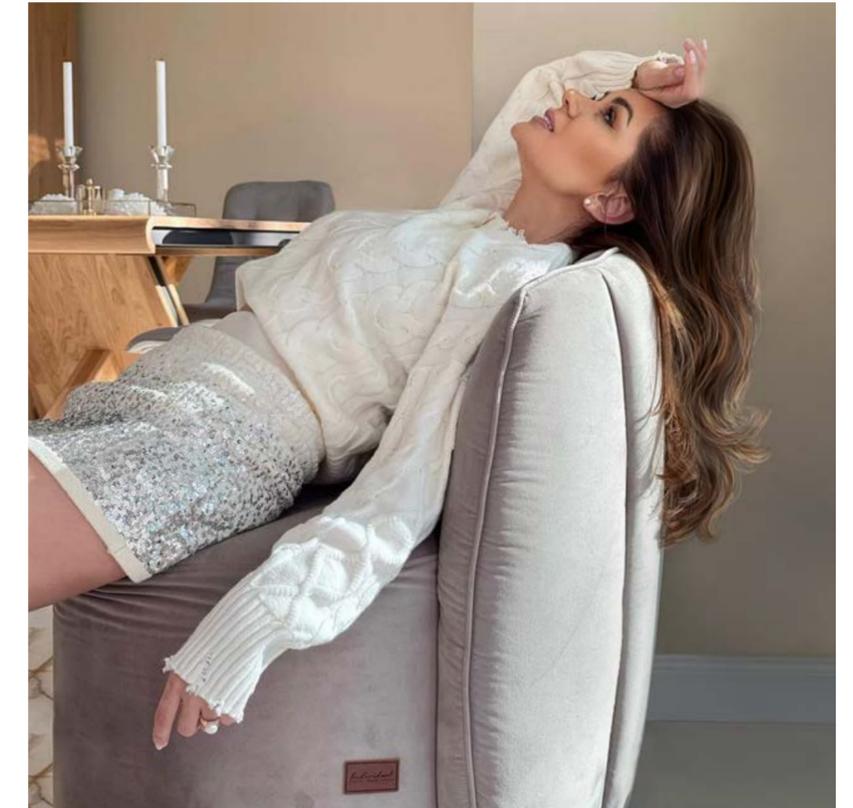

Customer loyalty and trust of partners helped us to create a developed trade network, represented by more than 70 branded departments of various formats in Ukraine and abroad. Blest products are exported to Europe and Canada.

With each phase of growth, we have refined our network to ensure the best partners.

Our partners

show the strong growth on their markets and appreciate us for it.

We can provide

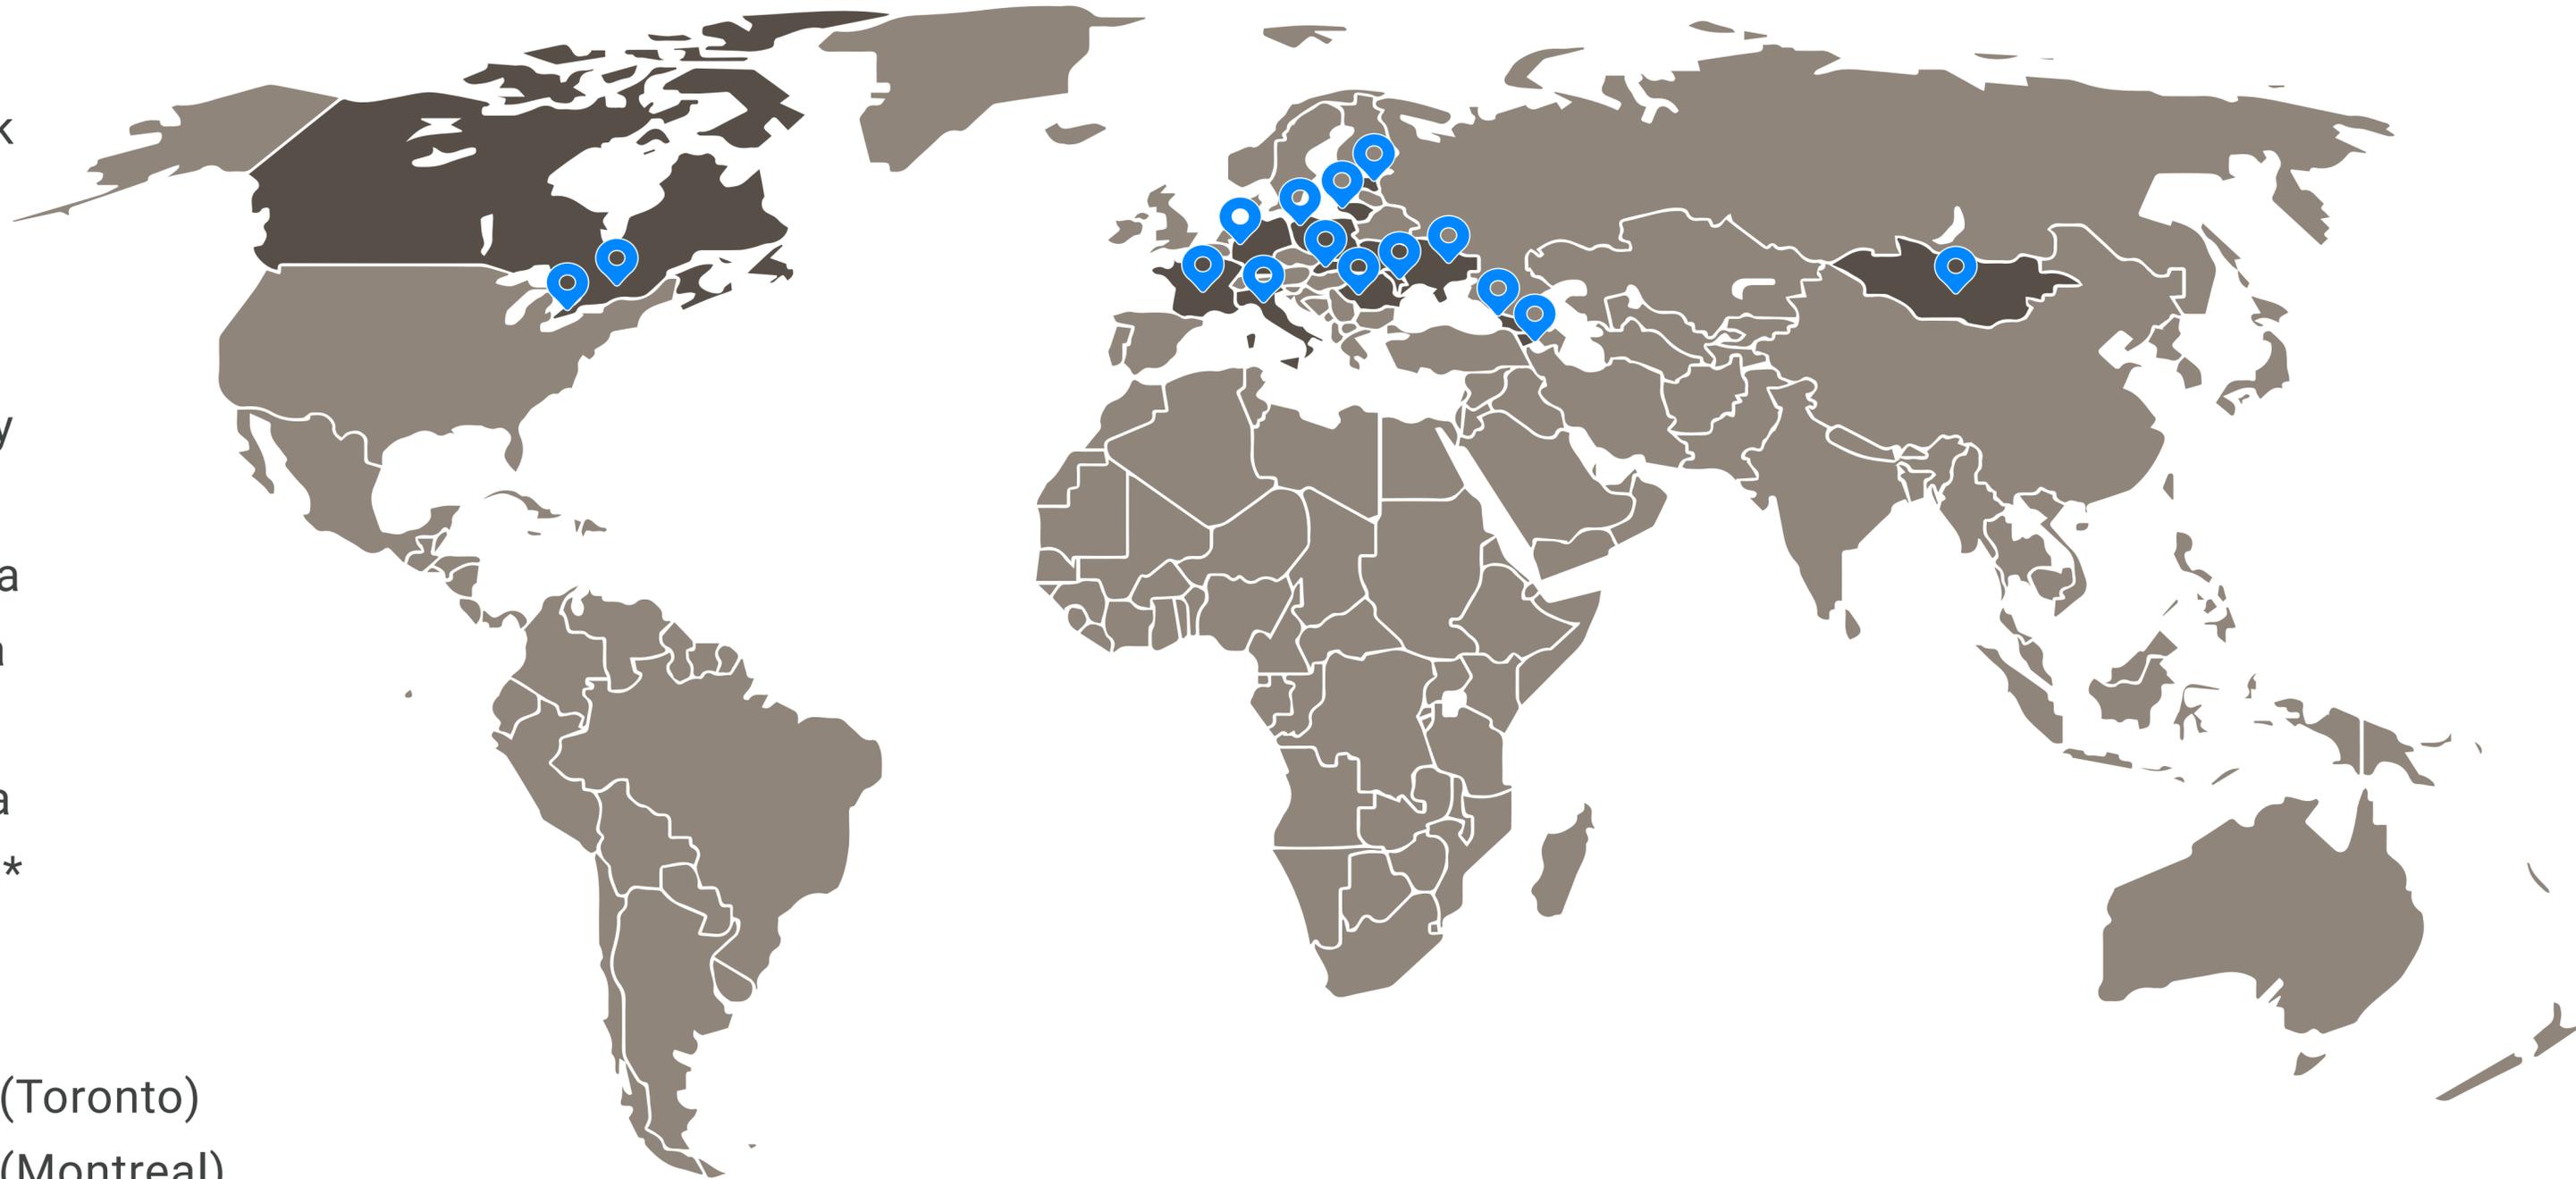

the end consumer with the ultimate experience.

MISSION

For more than two decades, Blest™ has focused on the design and creation of upholstered furniture as distinctive as our customers.

All our collections of sofas, sectionals, armchairs and beds incorporate the colors of the natural world and entice people to gather with their friends and families at any time of the day.

DESIGNERS

Collaboration, expertise and diversity form the core of our creative process. This is why, at Blest, we work with internal and external designers, craftspeople and suppliers who all share the same goal – superior quality. Each partner has their own unique vision and background, empowering Blest to develop truly original pieces.

ENVIRONMENTALLY FRIENDLY AND SAFE

Our sustainable manufacturing processes are part of our heritage. When creating Blest upholstered furniture, we use environmentally friendly technologies for the production, packaging and storage of upholstered furniture. Materials and components used in the production process pass all the necessary checks for environmental friendliness and safety for health.

CRAFT & TECHNOLOGY

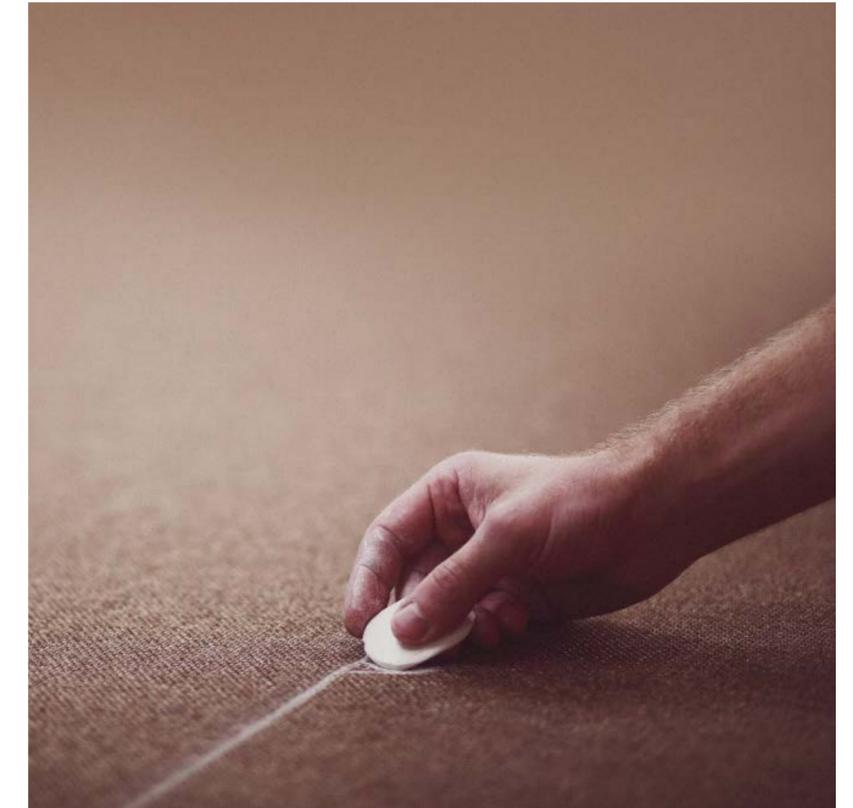

In fulfilling our mission, we blend leading-edge technology with traditional artisanship.

Our experienced crafts people take the time to hand finish the separate materials of every piece, bringing their beauty and unique characteristics into the spotlight.

Our products

harmoniously combine traditional craftsmanship with new technologies.

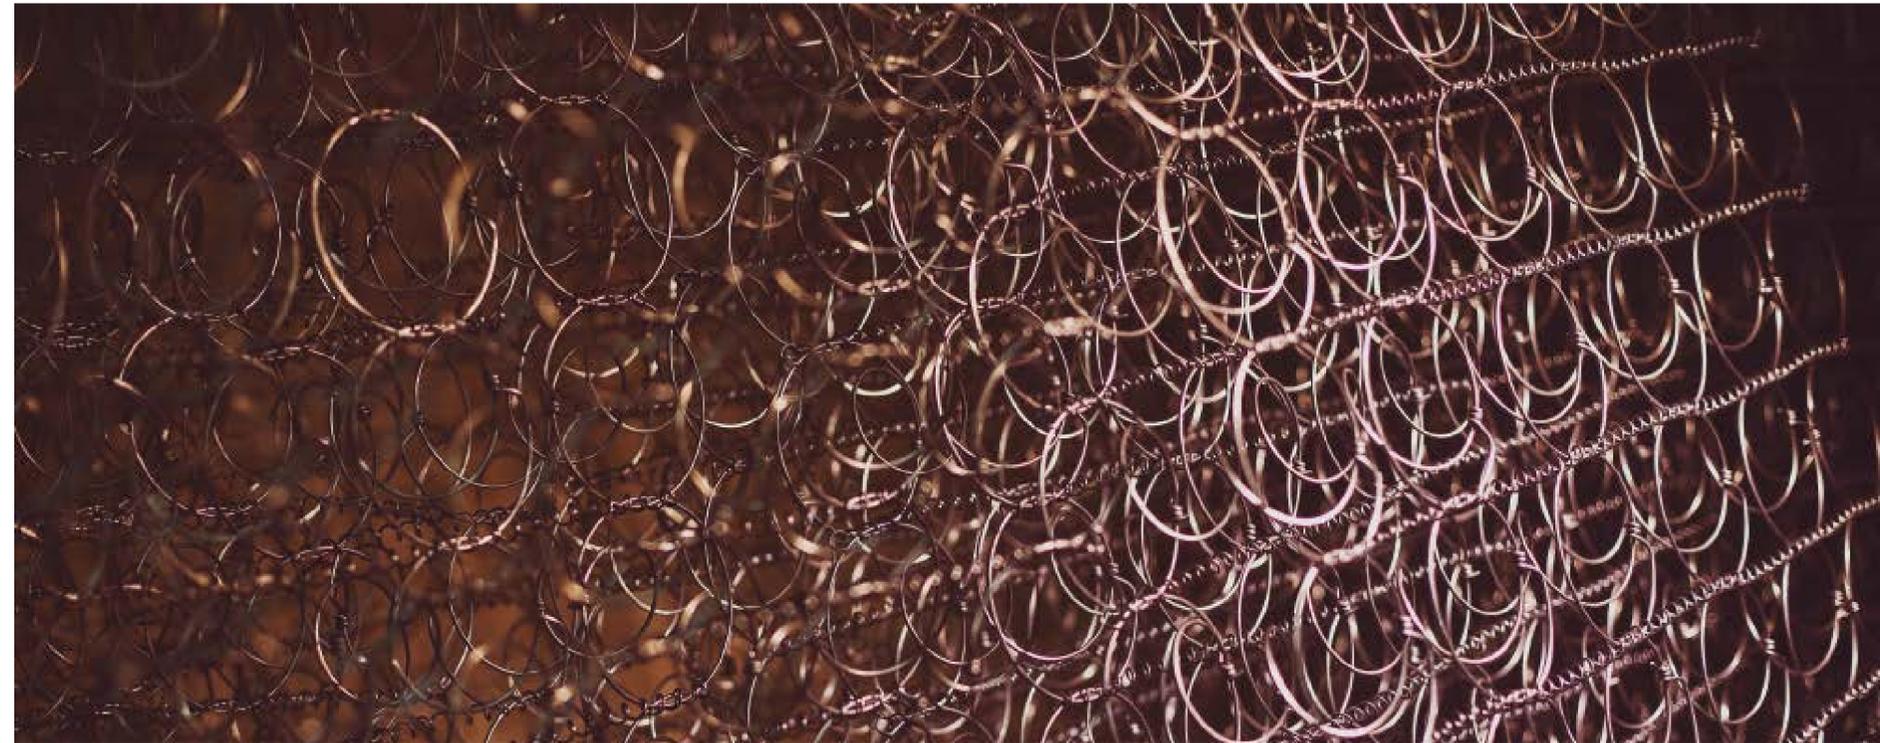

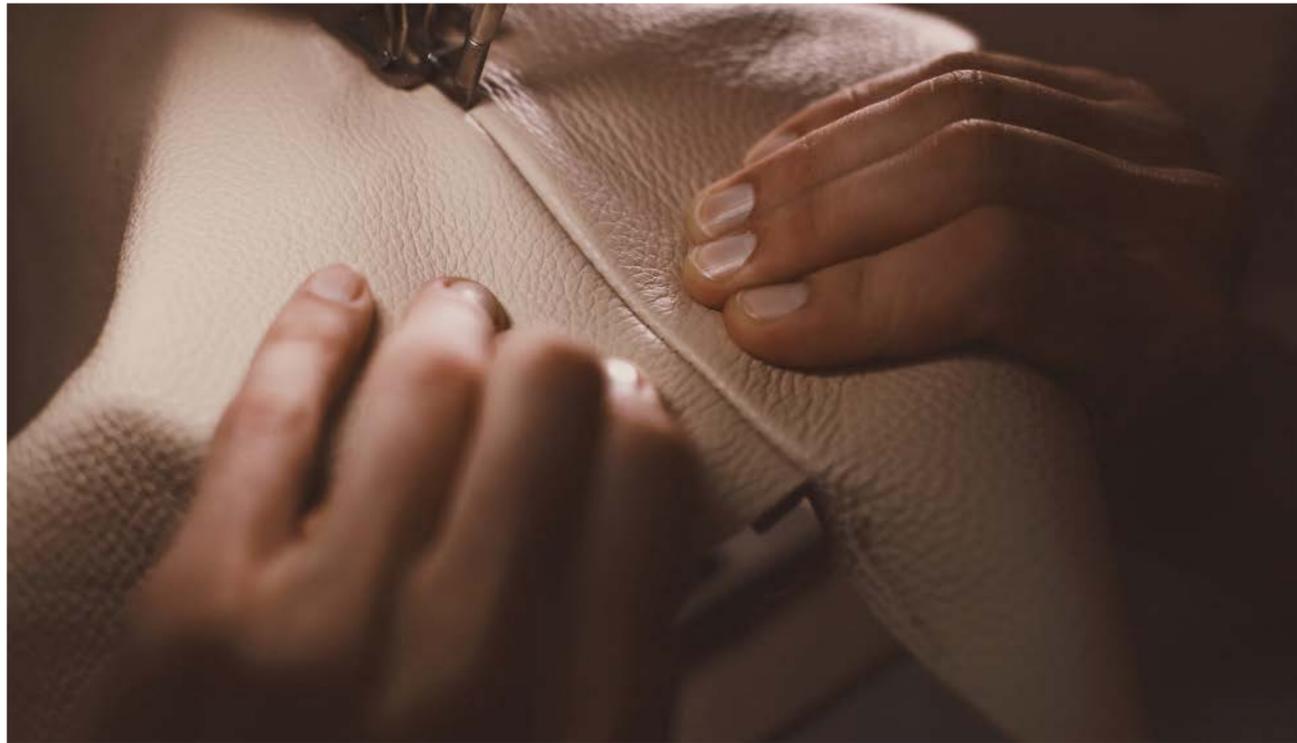

Our craftsmen

are inspired by the warmth and color of natural surroundings while producing the furniture.

At Blest™, we believe that both innovation and artisanal skill are needed to design truly ground breaking furniture solutions.

BLEST HOME

BlestHome – a line of sofas, beds, armchairs and poufs in the price category «medium +». Following current design trends, long-term experience, use of modern technologies, careful selection of raw materials, multiphase quality management system – these give us the opportunity to create furniture with exceptional seating and sleeping comfort.
