# Agro Trade Lubny

**Company “Agro Trade Lubny” started working in 2000 in Ukraine, Poltava region in the town of Lubny.**

**The main activity of our company is the wholesale trade of walnuts, both peeled and in shell.**

**We are one of the biggest walnut exporters in Ukraine. Our company exports walnuts and works in the B2B segment to supply fresh, environmentally friendly, packaged walnuts, providing the best quality, impeccable service, safety and competitive prices.**

**We have a great experience in exportation of our production to the numerous countries of the world.**

Company is situated in Poltava region (town Lubny), one of the most ecological areas in the country.

With almost 20 years' experience in business and more than 3,000 orders shipped to Europe and the Middle East, Agro Trade Lubny is an experienced and reliable supplier of high-quality Ukrainian walnuts.

**We have continued to export throughout the war, meeting our customers needs for prompt and reliable shipment.**

January 2024

**We offer:**

- **Quality assured Ukrainian origin walnuts;**
- **A food safe processing and packing facility that is ISO22000**
  - **organic certified food safety management system;**
- **A well developed and managed supply chain linking our growers and gatherers to the international and domestic markets;**
  - **Efficient contract execution and logistics;**
- **The opportunity to establish long term relationships based on trust and reliability;**
  - **Full compliance with customer documentation needs;**
    - **Responsive customer service.**

Company has its own cracking line.

With this, we tend to focus more on stability of production and work all year round.

Stable meeting of the demand is the most important for us.

Taking into account our interest to expand exportation activity, we would kindly ask you to consider our production, given in this catalogue.
